

**DATA SHEET / FICHA TECNICA**

**REFERENCIA B12V2500A**

**10W WIRELESS CHARGING**

**3 MODES OF LIGHTING**

Normal SOS Strobe

**2500A JUMP STARTER**

**WIDE APPLICABILITY**

Voiture Moto Commercial Vehicules Sedan Bateau More

**8.0L Gas**

**7.0L Diesel**

**SMART CABLE CLAMPS**

13.0v 888

Protection basse tension 14,0V±0,5V Protection contre les surtensions 17,5V±0,5V Protection contre l'inversion de polarité Protection de court circuit

HT Protection contre la surchauffe HT Protection de surcharge Laissez la voiture démarrer

**SPECIFICATION**

|                             |                              |
|-----------------------------|------------------------------|
| <b>Model</b>                | JS-4                         |
| <b>Jump Start Output</b>    | 12V                          |
| <b>Peak Current</b>         | 2500A                        |
| <b>Battery Capacity</b>     | 59.2Wh                       |
| <b>Dimension</b>            | 200*92*37mm                  |
| <b>Product Weight</b>       | 665g                         |
| <b>USB-C Input</b>          | 5V / 3A                      |
| <b>USB-C Output</b>         | 5V / 3A                      |
| <b>USB 1 Output (QC3.0)</b> | 5V / 3A, 9V / 2A, 12V / 1.5A |
| <b>USB 2 Output</b>         | 5V / 2.1A                    |
| <b>DC Output</b>            | 12-16V / 10A                 |
| <b>Wireless Charging</b>    | 10W                          |
